PRODUCT REVIEW: HARDENED POWER SYSTEMS -

<https://www.portableuniversalpower.com/>

If you want to have a go bag or just want to go portable please take a look at their unique product line. I gave Bill an idea for a new product several years ago the "Multiplier" -

Several club members use this power pack.....

RADIO HISTORY: HALLICRAFTERS

"THE RADIO MAN'S RADIO"

The SX 88 - 1954 -1955 vintage - less than 100 made. Known as one of the best communications receivers (for its time) made!

HOW TO: IT'S A PIECE OF ART, NO IT'S A 6 METER LOOP ANTENNA KIT!

<https://www.vhfloop.com/product/6m-f-magnetic-loop/>

Simple to build and use. I have one and it works well, takes little space and looks good displaying in your shack !

You can use it with QRP or 100 watts BUT remember don't touch when transmitting! Your cat will only do it once, hihi! It is another example of KISS (Keep It Simple Stupid).

Buy it, build it, use it, have fun with it!
As Always, let us know what you think

Stay tuned !
